

THE PACIFIC CREST TRAIL ASSOCIATION PROUDLY PRESENTS

Hoof Prints on the Trail

'Doc' Wesselius will present an informative talk on packing with horses and mules. He will also discuss how important these animals are to the PCTA and the Forest Service for backcountry trail work.

This is the Annual Meeting of the Mount Hood Chapter of the Pacific Crest Trail Association. Prior to Doc's presentation, we invite you to enjoy baked goodies, meet other volunteers and learn about our trail maintenance opportunities for both hikers and equestrians. There will also be a presentation recognizing outstanding volunteer contributions.
